**Notes:**

9/12/18 @ 10:48 pm - Wednesday night we patrolled thru Spring Valley Village starting around 10:48 pm. We covered Bingle Road, Winningham Lane and Krist Drive with a pause near the creek. No coyotes observed while there. 1 coyote was seen crossing Voss Road around 11:30 pm. Moving over to Mallie Court we spent time searching but did not find any sightings.

9/13/2018 - Thursday night we covered Archley Drive down to Ridgeley Drive over to Glourie Drive, there was no sightings of coyotes. Spoke to a resident who said he saw one a week ago in that area. Drove Westview Drive a few times hoping to catch one moving in a yard but saw nothing. Around 11:12 pm we saw something moving thru a yard off of Campbell Road but could not ID as a coyote for certain. No signs so far that have lead me to believe there is a large population of coyotes.

I hereby acknowledge the satisfactory completion of all services rendered, and agree to pay the cost of services as specified above.
