RE: Work Schedule Change for Saturday, May 29, 2021

Dear Spring Valley Resident,

Conrad Construction submitted a request to perform work on Saturday, May 29, 2021 as they were unable to work for several days due to inclement weather. The City has approved their request. According to City Ordinance, allowable working hours on Saturdays are from 9:00 a.m. to 6:00 p.m. The contractor has been made aware of the construction hours and instructed to be mindful of residents' needs during this Memorial Day weekend.
